

Matching Loan Programs

NetWork Kansas matching loan programs are designed to support private capital by providing matching funds to assist startups and existing businesses that are expanding. A variety of loan programs are offered based on geography, matching loan amounts, and project need.

Navigating Your Options

To determine what loan program your business is eligible for, match your business profile with the appropriate ICON(s). You may qualify for several. The best solution for your business will depend on the total project need and loan amount you've been approved for from your local service provider or bank. If you need assistance from a local NetWork Kansas partner, please call 877-521-8600. A Referral Coordinator will connect you with a funding expert in your area.
